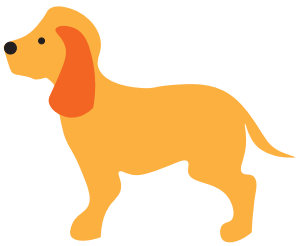
› Story ‹

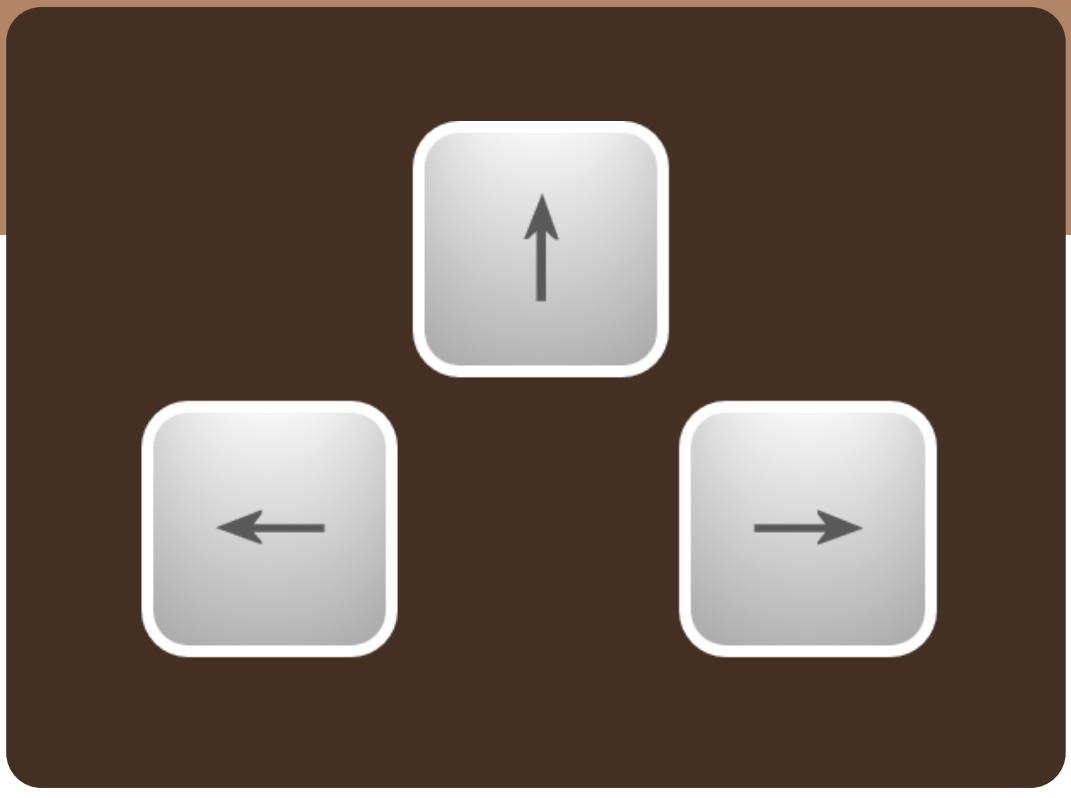
World famous GoldenDog studio has created a game to test player intelligence. You think of yourself as smart? Go ahead and take that challenge! Think levels are a trifling matter? Think again. You'll see, your trip won't run smoothly. You might lay the blame on the creator who designed such stupid levels. But GoldenDog thinks it might be you. Careful not to get too angry on the trip!

Creativity | Intelligence

Seriously? You died from that?



›Game Play‹



To play Easy Challenges, simply use the arrow keys on your keyboard to control the movement of the character. You can use it to move the character left and right, or even jump.Be wary of hidden traps! Look for clues to outsmart the obstacles.
